

NEO 1.6 LE

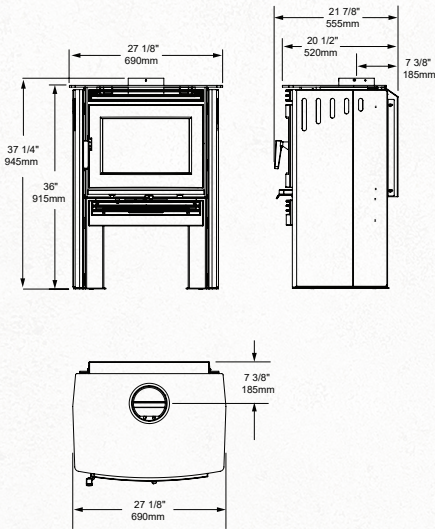

FREESTANDING STOVE for medium spaces

Heat Output Cord Wood

56,000 BTU

23,200 BTU EPA Test Fuel

Efficiency (HHV)	72%
Emissions	1.9 gm/hr.
Log Size (recommended)	16"
Log Size (max)	18"
Firebox Size	1.6 cu.ft.
Glass Viewing Area	145 sq.in.

The Neo 1.6 LE makes a bold statement with its tall profile for easy loading, line-of-sight view of the flame, and modern design. Like its larger cousin the Neo 2.5, the Neo 1.6 LE is a true heating machine with Pacific Energy's solid steel construction, floating firebox with stainless steel baffle and high-efficiency finned heat exchanger. Choose the color that is right for your home with side panels available in a variety of porcelain enamel colors.

STANDARD FEATURES

- EPA 2020 Certified
- Reliable, durable catalytic-free technology
- Air wash system for super clean ceramic glass
- High-tech multi-port combustion air injection system
