### Renaissance Linear Split-Pane Fireplace—COMING SOON!

Innovation and beauty rolled into one. Now available from Renaissance Fireplaces, the The Linear Split-Pane is a sleek, wood-burning fireplace that provides an uninterrupted 50" wide, wall to wall viewing area.

The Split-Pane earns its name from the specially made swinging door, which sits inside two outer fixed glass sections on hidden hinges. This smaller opening creates another welcome feature, which is that the Split-Pane only requires an 8" insulated chimney for venting.
