

HELIFIRE 360

## TOWN & COUNTRY HELIFIRE 360

Our exciting new Town & Country HeliFire 360 adds a dramatic, eye-catching fire feature to any space. Its long, luxurious flame casts a seductive glow and makes a bold design statement wherever it's installed. The HeliFire 360 will be the dominant focal point from which to build your dream environment around.

Flame length may vary up to 30% due to vent length and orientation.

### THE POSSIBILITIES ARE ENDLESS

With its ingenious design and unique construction, HeliFire 360 offers endless installation options for every possible application - from vertical to horizontal and everything in between, one-sided to see-thru, indoor or outdoor. The only limit is your imagination.

 Natural Gas Only
